Professional Summary

Experienced MERN stack developer proficient in building dynamic web applications with MongoDB, Express.js, React.js, and Node.js. Skilled in crafting responsive front-end interfaces and creating robust server-side APIs. Committed to delivering high-quality solutions that exceed expectations.

Professional Experience

MERN Stack Developer (Remote)

Sikarwar Software's Pvt Ltd Gurugram

June 2023 - Mar 2024

As a MERN Stack Developer, I am responsible for developing the user interface using NEXT.js and implementing the backend with Node.js technology.

Full Stack Developer (On-Site)

Softwin Systems Private Limited Mohali, Punjab

Apr 2024 - Current

I am a Full Stack Developer who has worked on CRM in the MERN stack. I have developed user interfaces using React.js and implemented backends with Node.js. My experience includes front-end and back-end development, working with technologies such as React Flow, React Tables, dashboards, and various UI components.
